SFRTA Governing Board to Maintain SFRC

The Governing Board of the SFRTA voted to accept the terms of the South Florida Operations and Management Agreement (SFOMA) at its monthly meeting on Friday, January 25. The agreement transfers the responsibility for the South Florida Rail Corridor (SFRC) from CSXT to the State of Florida. The Board also approved an operating agreement between the SFRTA and FDOT,

which confirms that SFRTA, will provide the dispatch and maintain the SFRC, in place of CSXT. The implementation date is set for June 30, 2014, with a contingency for delays until December 31, 2014.

SFRTA Chair and Tri-Rail commuter, Mayor Steven L. Abrams, said that the agreement will have many

improvements for the passengers. "SFOMA will provide a more reliable commute since SFRTA will have control not only of Tri-Rail's movement, but CSXT freight trains and Amtrak as well. We will have more flexibility to respond to incidents and will have the

power to make service decisions when tropical storms or hurricanes threaten."

A key provision of SFOMA and the Operating Agreement is that the SFRTA, on behalf of the State, will dispatch all trains that operate on the SFRC, which means that Tri-Rail trains will consistently be given priority during the day. SFOMA also addresses CSXT's payment to the State for use of the SFRC, nighttime corridor work, development of standards, Positive Train Control (PTC) cost-sharing and commencement dates.

SFRTA responsibilities include dispatching the entire SFRC, maintaining track, stations, layover facilities and maintenance yards, plus other functions being performed by CSXT and FDOT.

"Rail Love Affair" Campaign Launched in Time for Valentine's Day

There are many reasons to love Tri-Rail. Now the premier commuter rail system has launched "Rail Love Affair," a multi-media

campaign, featuring a series of whimsical love tales with the chance to win a 1.25-carat diamond ring compliments of The Galleria at Fort Lauderdale.

The campaign gets to the heart of how many of Tri-Rail's riders appreciate its cost-saving fares, complimentary connecting shuttle buses, convenient train stations and stress-free rides.

Commuters who rode Tri-Rail on Valentine's Day fell in love with the commuter rail system. Cupid joined radio personalities from WBGG-FM, WMGE-FM and WOLL-FM onboard select trains and gave lucky riders the chance to win great prizes.

Visit the E-store at www.tri-rail.com/shop to purchase your own "I Love Tri-Rail" t-shirt.

The campaign is being promoted via radio, television, print and online advertising. Brochures are also available at local colleges and universities, libraries and city offices. For more details, please visit www.tri-rail.com.

As part of the Valentine's Day promotion, Cupid rewarded passengers with t-shirts, flowers, chocolates, gift cards and other great prizes in appreciation of their continued ridership.

Good Commuter Benefit News

Congress recently passed legislation to make the public transit commuter benefit equal to the federal tax benefit for parking. The change increases the transit benefit from \$125 per month to \$240, where the IRS has set the current parking benefit, as part of the "fiscal cliff" legislation.

This means there is no longer a financial bias in the federal tax code against public transit use, giving transit riders the same tax benefits as those who drive to work, reported the American Public Transportation Association.
